RAILROAD COMMISSION OF TEXAS

JAMES E. (JIM) NUGENT
COMMISSIONER

KENT HANCE
CHAIRMAN

JOHN SHARP
COMMISSIONER

November 21, 1990

The Honorable William P. Clements
Governor of Texas
Capitol Station
Austin, Texas 78711

Dear Governor Clements:

The Texas Legislature has charged the Railroad Commission with the responsibility of regulating gas utility and hazardous liquids pipeline companies in Texas. The Commission has original jurisdiction over rates, operations, and services of natural gas sales in unincorporated areas, in addition to appellate review of municipal action. The Commission also has original jurisdiction over intrastate natural gas and hazardous liquids pipeline systems for safety enforcement.

The division was reorganized and merged with the Transportation Division during November 1988. The new division, Transportation/Gas Utilities Division, was organized into two activities: Central Operations and Field Operations.

The Gas Utilities portion of the Transportation/Gas Utilities Division performs the day-to-day regulatory activities on behalf of the Commission where gas utilities are concerned. This portion of the division operated on a budget of $1,975,596 and averaged 70 employees. Of the 70 employees 12 handle transportation matters in addition to gas utility matters. In this Annual Report for fiscal year 1990, the Transportation/Gas Utilities Division presents all information as required by law, plus pertinent 1989 data obtained from gas utilities in Texas.

The Gas Utility Audit Section is charged with in-house auditing of annual reports, quarterly tax reports, and other filings required of gas utilities by the Commission. There are approximately 298 gas utilities operating in Texas. In fiscal year 1990, 140 field audits were performed in the offices of gas utilities. The Audit Section also collects a gas utility tax of one-half of one percent of a utility's gross income. In fiscal year 1990, $8,146,230 was collected in gas utility tax.

1701 N. Congress   P. O. Drawer 12967   Austin, Texas 78711-2967

The Pipeline Safety Section executed 2,004 safety evaluations on gas systems and 228 on hazardous liquids systems during fiscal year 1990. During these 2,232 safety evaluations, 15,937 violations were cited in various areas of noncompliance. These safety evaluations are performed on jurisdictional intrastate pipeline systems to assure that they are being operated according to state and federal rules and regulations. Of the funds required by this section 18.8 percent was funded through federal funds and amounted to $248,150.00.

The term "hazardous liquids" encompasses many different liquid products. Crude oil, gasoline, methanol, ammonia, isoprene, naptha, and liquefied petroleum gas including butane, ethylene, and propylene represent some of the many liquids transported by these hazardous liquids systems throughout the state. Gas systems on the other hand, include transmission, distribution, offshore, municipal, master meter, and compressor stations. A master metered system is a pipeline system for distributing gas within a definable area such as a mobile home park, housing project, or apartment complex. It is estimated that there are over 10,000 master metered systems in Texas.

In addition to routine safety evaluations, on-site accident investigations and special investigations are performed in an effort to preserve human life, prevent the destruction of property, and reduce the loss of natural resources. Through this effort, 59 accident investigations and 92 special investigations were conducted this fiscal year.

With the assistance of the Rate Section, hearing examiners in the Gas Utilities/LP-Gas Section of the Legal Division conduct evidentiary hearings and administratively process applications, making recommendations on final disposition to the Commission.

In fiscal year 1990, 298 applications were received and 474 applications were completed. Of the applications completed, 87 percent were within the Commission's original jurisdiction and included rates for unincorporated areas immediately surrounding municipalities, called "environs," city gate rates, and rural burnertip rates. Approximately one percent of the cases involved appeals from city rate determinations and 12 percent involved other types of cases including safety violations, requests for authority to abandon service, reports of sales of property, jurisdictional questions, and rulemakings.

The Reports and Curtailment Section gathers data from gas utilities subject to Commission regulation, conducts research, and publishes reports on matters of relevance to Commission responsibilities including the annual report. This section monitors the statewide curtailment program, and makes contact with master meter operators to ensure compliance with the master meter profit rule. In addition, this Section monitors compliance with docket orders and tariff filings. Finally, this section serves as a centralized micrographics facility.

The Public Assistance Section responded to complaints and inquiries regarding gas utility matters from the general public during fiscal year 1990.

In accordance with TEX. REV. CIV. STAT. ANN. art 6061, (Vernon 1962), we hereby transmit the Gas Utilities Annual Report of the Transportation/Gas Utilities Division of the Railroad Commission of Texas for Fiscal Year 1990.

Respectfully submitted,

Kent Hance, Chairman

John Sharp, Commissioner

Jim Nugent

James E. (Jim) Nugent, Commissioner

Walter H. Washington, Jr.
Acting Director

Mean (for 25 cities)	2,162	2,110	2,307	-2.4	6.7

*Degree-days measure the deviation from normal temperature by accumulating the difference between 65°F and the daily mean temperature. A mean temperature of 60° for one day would be five heating degree days. A greater number of heating degree-days than normal indicates colder weather. Less heating degree-days than normal indicate warmer weather. These figures are on a calendar year basis.

**Normal Heating Degree-Days are based on NOAA records. The above norms are based on the 30-year period from 1951-1980.

The weighted average 10 Mcf bill for residential customers in the 25 cities listed above:

January 1981 - $36.57
January 1982 - $44.79
January 1983 - $54.96
January 1984 - $53.45
January 1985 - $53.45
January 1986 - $50.99
January 1987 - $47.95
January 1988 - $46.46
January 1989 - $48.61
January 1990 - $49.80

The median 10 Mcf bill in January 1990 was $52.83 (San Antonio, Texas). The base rate increased in Galveston by approval of the city. Base rates did not change in the remaining 24 cities. The net 10 Mcf gas bill increased in Abilene, Beaumont, Brownsville, Bryan, Corpus Christi, Dallas, Fort Worth, Galveston, Houston, McAllen, San Angelo, San Antonio, Sherman, Temple, Texarkana, Waco, and Wichita Falls and decreased in the remaining cities.

The above 25 cities have 1,787,870 residential customers which represent approximately 56% of the total residential customers in the state. (This information is based upon municipally-owned and investor-owned company reports.)

ALG - ARKLA, Inc.; ENG - Energas; ETX - Entex; LSG - Lone Star; MUN - Municipally-Owned; RGV - Rio Grande Valley; SUG - Southern Union.

*This percentage represents a net gain. In most cases the gain was due to unbilled gas from 1989. However, Entex, Inc. attibutes the gain in the Bruni, China, Oyster Creek and San Marcos environs areas to billing errors. Mitchell County Utility Company's large gain during 1986 and 1987 for the Westbrook environs is attributed to a difference in meter reading dates for incorporated and unincorporated customers. However, Mitchell County attributes the large gain for the Westbrook environs in 1989 to a faulty meter. Rio Grande Valley Gas Company's gains in Alton, Combs, La Vista and Rural are reported to be due to a measurement coding error. South Texas Utilities Company reported a gain in Gonzales due to a faulty meter. All other percentages not indicated by an asterik represent a loss.

* NET LOSS

The gas systems attribute the gains to unbilled gas carried forward from last year.

The City of Kountze filed incorrect information, therefore, this information was not included.

The City of Freer sold the system to an investor-owned utility during 1989.

Municipally-owned systems are not regulated by the Railroad Commission except in areas of Pipeline Safety. There are 86 municipally-owned systems. Four systems had not reported when this report was prepared: Anahuac, Easton, Rising Star and Texas Western Municipal Gas Corp.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogado, Fort Davis, Marfa, Saragosa and Toyavale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn and Wildhorse Rurals.

As of December 31, 1989, there were 55 investor-owned gas distribution systems in Texas.

Natural Gas Systems, Inc. had not reported when this report was prepared.

Amarillo Natural Gas Utility, Inc. sold the system to North Texas Gas Co., Inc. during 1989, therefore, both systems have reported.

Municipally-owned systems are not regulated by the Railroad Commission except in areas of pipeline safety. There are 86 municipally-owned systems. Four systems had not reported when this report was prepared: Anahuac, Easton, Rising Star and Texas Western Municipal Gas Corp.

The City of Freer sold the system to an investor-owned utility during 1989.

The City of Kountze filed incorrect information, therefore, this information was not included.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogado, Fort Davis, Marfa, Saragosa and Toyavale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn and Wildhorse Rurals.

**The City of Huntington does not break out volumes sold to small commercial and industrial customers or sales to public authorities. Therefore, the volumes sold to these customers are included in the volumes sold to residential customers.

There are 86 municipally-owned systems. Four systems had not reported when this report was prepared: Anahuac, Easton, Rising Star and Texas Western Municipal Gas Corp.

The City of Freer sold the system to an investor-owned utility during 1989.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogado, Fort Davis, Marfa, Saragosa and Toyavale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn and Wildhorse Rurals.

1701 N. CONGRESS
CAPITOL STATION — P. O. BOX 12967
AUSTIN, TEXAS 78711-2967

November 27, 1991

The Honorable Ann Richards
Governor of Texas
Capitol Station
Austin, Texas 78711

Dear Governor Richards:

The Texas Legislature has charged the Railroad Commission with the responsibility of regulating gas utility and hazardous liquids pipeline companies in Texas. The Commission has original jurisdiction over rates, operations, and services of natural gas sales in unincorporated areas, in addition to appellate review of municipal action. The Commission also has original jurisdiction over intrastate natural gas and hazardous liquids pipeline systems for safety enforcement.

The Gas Utilities portion of the Transportation/Gas Utilities Division performs the day-to-day regulatory activities on behalf of the Commission where gas utilities are concerned. This portion of the division operated on a budget of approximately $2,149,040.40 and averaged 70 employees. Of the 70 employees 12 handle transportation matters in addition to gas utility matters. In this Annual Report for fiscal year 1991, the Transportation/Gas Utilities Division presents all information as required by law, plus pertinent 1990 data obtained from gas utilities in Texas.

The Gas Utility Audit Section is charged with in-house auditing of annual reports, quarterly tax reports, and other filings required of gas utilities by the Commission. There are approximately 303 gas utilities operating in Texas. In fiscal year 1991, 129 field audits were performed in the offices of gas utilities. The Audit Section also collects a gas utility tax of one-half of one percent of a utility's gross income. In fiscal year 1991, $5,486,393 was collected in gas utility tax.

The Pipeline Safety Section executed 1,924 safety evaluations on gas systems and hazardous liquids systems during fiscal year

1991. During these safety evaluations, 13,991 violations were cited in various areas of noncompliance. These safety evaluations are performed on jurisdictional intrastate pipeline systems to assure that they are being operated according to state and federal rules and regulations. Of the funds required by this section 18.6 percent was funded through federal funds and amounted to $250,443.00.

The term "hazardous liquids" encompasses many different liquid products. Crude oil, gasoline, methanol, ammonia, isoprene, naptha, and liquefied petroleum gas including butane, ethylene, and propylene represent some of the many liquids transported by these hazardous liquids systems throughout the state. Gas systems on the other hand, include transmission, distribution, offshore, municipal and master meter. A master metered system is a pipeline system for distributing gas within a definable area such as a mobile home park, housing project, or apartment complex. It is estimated that there are over 10,000 master metered systems in Texas.

In addition to routine safety evaluations, on-site accident investigations and special investigations are performed in an effort to preserve human life, prevent the destruction of property, and reduce the loss of natural resources. Through this effort, 77 accident investigations and 82 special investigations were conducted this fiscal year.

With the assistance of the Rate Section, hearing examiners in the Gas Utilities/LP-Gas Section of the Legal Division conduct evidentiary hearings and administratively process applications, making recommendations on final disposition to the Commission.

In fiscal year 1991, 207 applications were received and 96 applications were completed. Of the applications completed, 68 percent were within the Commission's original jurisdiction and included rates for unincorporated areas immediately surrounding municipalities, called "environs," city gate rates, and rural burnertip rates. Approximately three percent of the cases involved appeals from city rate determinations and 29 percent involved other types of cases including safety violations, requests for authority to abandon service, reports of sales of property, jurisdictional questions, and rulemakings.

The Reports and Curtailment Section gathers data from gas utilities subject to Commission regulation, conducts research, and publishes reports on matters of relevance to Commission responsibilities including the annual report. This section monitors the statewide curtailment program, and makes contact with master meter operators to ensure compliance with the master meter profit rule. In addition, this section monitors compliance with docket orders and tariff filings. Finally, this section serves as a centralized micrographics facility.

The Public Assistance Section responded to complaints and inquiries regarding gas utility matters from the general public during fiscal year 1991.

In accordance with TEX. REV. CIV. STAT. ANN. art 6061, (Vernon 1962), we hereby transmit the Gas Utilities Annual Report of the Transportation/Gas Utilities Division of the Railroad Commission of Texas for Fiscal Year 1991.

Respectfully submitted,

Lena Guerrero

Texarkana	2,892	2,923	2,217	1.1	-23.3
Tyler	2,892	2,548	1,806	-11.9	-37.6
Waco	2,126	2,361	1,696	11.1	-20.2
Wichita Falls	3,011	3,252	2,650	8.0	-12.0
Mean (for 25 cities)	2,162	2,307	1,780	6.7	-17.7

*Degree-days measure the deviation from normal temperature by accumulating the difference between 65°F and the daily mean temperature. A mean temperature of 60° for one day would be five heating degree days. A greater number of heating degree-days than normal indicates colder weather. Less heating degree-days than normal indicate warmer weather. These figures are on a calendar year basis.

**Normal Heating Degree-Days are based on NOAA records. The above norms are based on the 30-year period from 1951-1980.

The weighted average 10 Mcf bill for residential customers in the 25 cities listed above:

January 1981 - $36.57	January 1984 - $53.45	January 1987 - $47.95	January 1990 - $49.80
January 1982 - $44.79	January 1985 - $53.45	January 1988 - $46.46	January 1991 - $51.77
January 1983 - $54.96	January 1986 - $50.99	January 1989 - $48.61	

The median 10 Mcf bill in January 1991 was $55.30 (Waco, Texas). The base rate increased in Brownsville, Corpus Christi, Galveston, McAllen, and Tyler by approval of the city. Base rates did not change in the remaining 20 cities. The net 10 Mcf gas bill increased in Abilene, Amarillo, Austin, Beaumont, Brownsville, Bryan, Dallas, El Paso, Fort Worth, Galveston, Houston, Laredo, Lubbock, McAllen, Midland, Odessa, San Angelo, Sherman, Temple, Tyler, Waco and Wichita Falls and decreased in the remaining cities.

The above 25 cities have 1,802,525 residential customers which represent approximately 56% of the total residential customers in the state. (This information is based upon municipally-owned and investor-owned company reports.)

ALG - ARKLA, Inc.; ENG - Energas; ETX - Entex; LSG - Lone Star; MUN - Municipally-Owned; RGV - Rio Grande Valley; SUG - Southern Union.

STERLING NATURAL GAS, INC. STERLING CITY						33.86				
WOODSBORO NATURAL GAS CORP. WOODSBORO									27.44	

*This percentage represents a net gain. In most cases the gain was due to unbilled gas from 1990. However, Entex, Inc. attributes the gain in Humble and Pleak to billing errors. Rio Grande Valley Gas Company's gains in Combes and rural areas are due to a measurement coding error. All other percentages not indicated by an asterisk represent a loss.

*Net loss.

The gas systems attribute the gains to unbilled gas carried forward from last year.

Municipally-owned systems are not regulated by the Railroad Commission except in areas of Pipeline Safety. There are 86 municipally-owned systems. Three systems had not reported when this report was prepared: Benavides, Easton and Los Ybanez.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogata, Fort Davis, Marfa, Saragosa and Toyavale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn and Wildhorse Rurals.

As of December 31, 1990, there were 53 investor-owned gas distribution systems in Texas.

Canyon Gas Co., Capital Gas Distribution, Inc. and Natural Gas Systems, Inc. had not reported when this report was prepared.

Coleman Natural Gas Company sold the system to Capital Gas Distribution, Inc., and Tri-County Gas Company, Inc. sold the system to Energas Company during 1990.

Municipally-owned systems are not regulated by the Railroad Commission except in areas of pipeline safety. There are 86 municipally-owned systems. Three systems had not reported when this report was prepared: Benavides, Easton and Los Ybanez.

Southwest Texas Municipal Gas Corp. serves Alpine, Balmorhea, Brogata, Fort Davis, Marfa, Saragosa and Toyavale.

Texas Western Municipal Gas Corp. serves Lobo Rurals, Van Horn and Wildhorse Rurals.
